## DOSHA SAMYA

Dosha Samya in Jyotish refers to the balancing of malefic influences in both the horoscopes during the process of matching of horoscopes. When analyzing the compatibility between a bride and groom, Jyotishis check for doshas (afflictions) in their respective birth charts. If a particular house in one person's horoscope is weak, it should ideally be strong in the other person's horoscope. This balancing helps ensure harmony in various aspects of life, including relationships, career, and health. If the strength of malefic planets is equal between bride and groom, then it is considered okay. However, strength of malefic planets should not be significantly higher from one another.
